

# HOUSEPLANTS FOR LOW LIGHT

---

The following plants will adapt to low light conditions. If you have a particularly dark spot, consider using two plants and rotating them to brighter lit areas on a regular basis.

---

**Chinese Evergreen (Aglaonema)**

**Asparagus Fern**

**Cast Iron Plant (Aspidistra)**

**Calathea**

**Spider Plants (Chlorophytum)**

**Dracaena 'Janet Craig'**

**Dragon Tree (Dracaena marginata)**

**Ferns**

**Creeping Fig (Ficus repens)**

**Fittonia**

**Ivy (Hedera)**

**Prayer Plant (Maranta)**

**Split Leaf Philodendron (Monstera)**

**Palms**

**Ming Aralia (Polyscias)**

**Swedish Ivy (Plectranthus)**

**Rhoeo**

**Snake Plant (Sansevieria)**

**Peace Lily (Spathiphyllum)**
