Christmas 2009

I know it is early to be talking about Christmas, but it will be here before we know it. Last year we started a series of workshops here in our newly refurbished classroom. It was very successful and we are looking forward to doing it again. Some returning favorites are:

1. Decorating your own wreath to match your home décor.
2. Creating your own centerpieces, some of which were made with cranberries.
3. For something original, try our kissing ball workshop.

As it gets closer, check out our website at www.valleynurseryinc.com for more information about these FUN workshops.
