## **Mason Bees with Sam Rader**

*Saturday, February 9th at 10am*

Sam will show you just how fun & simple it is to raise gentle mason bees! These beneficial insects are so helpful for pollinating your garden & orchard.

## **Orchard Fruits with Sam Rader**

*Saturday, February 16th at 10am*

Sam will cover sunlight, soil, water and fertilizer requirements of fruit trees. He will also discuss recommended fruit varieties, pollination requirements and various fruit tree diseases and insect problems.

## **Fruit Tree Pruning with Sam Rader**

*Saturday, February 23rd at 10am*

Learn when, why and how to prune fruit trees for increased fruit production and plant size control.

## **Growing Berries and Small Fruits with Brad Watts**

*Saturday, March 2nd at 10am*

Draw from Brad's lifetime of growing small fruits in the Northwest. Learn about variety selection, placement, maintenance and harvesting. Fruits will include strawberries, blackberries, raspberries, blueberries, grapes, kiwi and more!

## **Veggie Gardening 101 with Brad Watts**

*Saturday, March 9th at 10am & Saturday, April 6th at 10am*

Geared mainly for the beginner to moderate gardener, but there is something for the experts too! Learn how to get started in the ground, raised beds or containers. Topics will include location, soil, variety selection and harvesting.

## **How to Successfully Grow Tomatoes with Brad Watts**

*Sunday, April 7th at 10am & Saturday, April 13th at 10am*

Growing Tomatoes in the Northwest can be challenging and never a guarantee. Learn how to stack the odds in your favor with variety selection, training, watering and more. He will also show you how to construct a simple yet effective Tomato Hut.
