WATERCOLOR PAINTING

SUNFLOWER

September 21st 2pm-4pm

Workshop fee: \$40

PUMPKIN ETCHING Workshop Fee: \$45 (includes Pumpkin)

Pumpkin Etching is a carving technique that uses a lino-cutter hand tool to remove the top layer of pumpkin skin in shallow slices. This technique allows for more control for intricate designs. Once dried, the design will last longer than a traditional carving making them the perfect addition to your Autumn Home Décor! Beginners welcome. No special skills or tools required, although these classes are best suited for people with good hand eye coordination. Sharp tools are used!

16 years and older to participate - parental/adult supervision required for minors.
